ABOUT ME

Passionate family nurse practitioner student seeking a job opportunity, especially pursuing an interest in women's health and fertility. Aimed at providing holistic care to people throughout the lifespan including education and understanding of lifestyle and nutrition. Compassionate and driven registered nurse with 7+ years experience in medical-surgical and perioperative fields, both domestic and international. Well-developed critical thinking skills, works well in a team setting, and works well under stressful conditions. Warmhearted, with good communication and leadership traits. Never afraid to ask questions, and always eager to develop more knowledge and skills. Willing to take constructive criticism, consistent and always reliable.

PROFESSIONAL EXPERIENCE

REGISTERED NURSE – CCDHB WELLINGTON, NEW ZEALAND

September 2019 – May 2021

Provided direct patient care to surgical unit. Patients consist of pre and post-operative surgical patients. Types: general surgery, vascular, surgical optometry, and ENT.

REGISTERED NURSE – OUTPATIENT SURGERY at OU MEDICAL CENTER

OKLAHOMA CITY, OKLAHOMA

July 2018 – April 2019

Delivered direct care to perioperative surgical patients. These patients consisted of orthopedic, neurosurgery, cardiac, thoracic, urology, plastic surgery, and women's health. Patient's ages ranged from 12 years old and above.

REGISTERED NURSE – GENERAL SURGERY AND NEUROSURGICAL CHIST. ALEXIUS BISMARCK, NORTH DAKOTA

June 2016 – July 2018

Direct bedside nursing care to the neuro-surgical unit. These patients consisted of neurosurgical back surgeries, anterior and posterior necks, craniotomies, burr-holes; general surgery: exploratory laparotomy, laparoscopic cholecystectomy, laparoscopic appendectomy, hemicolectomy, colostomy placements, colostomy takedowns, AAA; bariatric surgeries: gastric sleeve and gastric bypass.

EXPERIENCE HIGHLIGHTS

- Collaborating with the medical interdisciplinary team to provide holistic and evidence-based nursing care to patients.
- Developed key skills to assessing a patients entire health history and preparing them for surgery.
- Adapting to different standards of care and a socialized medical system.
- Developed leadership skills throughout each setting of nursing career and served as a preceptor for new graduate nurses.
