

### University of Mary DNP Project Clinical Log

Student Name: Megan Macke

| Course Name and Number | Date      | Activity   | Student Role   | Brief Description of Activities  | Hours (Direct or Indirect) |
|------------------------|-----------|--|--|--|----------------------------|
| NUR 830                | 1/9/2024  | Pitching the idea assignment and presentation          | Research and analysis of topic/ present topic to professors with Tori and Shelby | Collaborated with Tori and Shelby on topics of interest, researched/pitched idea via Pwpt to project chairs  | 10 hours                   |
| NUR 830                | 2/4/2024  | Literature Review and synthesis                        | Research, analyze, and co-author with Tori and Shelby                            | Researched and analyzed pertinent literature via library databases to address literature review and synthesis assignment according to syllabus   | 28 hours                   |
| NUR 830                | 1/2/2024  | Dr. Marohl and students meet                           | Meeting collaborator   | Collaborated with Dr. Marohl and her representation of Mid Dakota Women's clinic to understand needs within the organization. Helped team narrow down project ideas and establish Dr. Marohl as a project champion | 1 hour                     |
| NUR 830                | 2/9/2024  | Meeting with Dr. Brittany Kudrna                       | Collaborator of discussion around topic of DNP project                           | Established a better timeline for project, and addressed critical steps  | 1 hour                     |
| NUR 830                | 2/15/2024 | Academic stakeholder meeting preparation and meeting 1 | Meeting collaborator   | Served as a collaborator for the meeting with the establishment of a meeting agenda, high priority topics to address, and discussion on next steps for the project. Collaborated on meeting minute notes.          | 2 hours                    |
| NUR 830                | 2/18/2024 | Problem introduction/problem                           | Research, analyze, and co-author with Tori and Shelby                            | Defined the DNP project via a PICO question, with detailed research  | 22 hours                   |

|         |           |  |   |   |          |
|---------|-----------|--|---|---|----------|
|         |           | statement/PICO question  |   | supporting the question, organized literature among group members as support.   |          |
| NUR 830 | 3/3/2024  | Organization needs assessment  | Research, analyze, and co-author with Tori and Shelby | Assignment consisted of analysis of an organizational needs assessment from information provided from project chair and Marie Jensen, obtained letter of support, and conducted SWOT analysis.  | 14 hours |
| NUR 830 | 3/14/2024 | Academic stakeholder meeting preparation and meeting 2   | Meeting collaborator                                  | Served as a collaborator for the meeting with the establishment of a meeting agenda, bringing other collaborators up to speed with findings from organization needs assessment, PICO, and SWOT analysis. Addressed and discussed next steps for the project. Collaborated on meeting minute notes | 2 hours  |
| NUR 830 | 3/17/2024 | Development of theoretical framework   | Research, analyze, and co-author with Tori and Shelby | Broke down and analyzed theoretical frameworks that aligned with project, established literature around frameworks, completed assignment according to syllabus.   | 14 hours |
| NUR 830 | 4/7/2024  | Project recommendations, determinants of change, change theory, implementation planning, and evaluation planning | Research, analyze, and co-author with Tori and Shelby | Broke down organizational needs into project recommendations (with collaboration of project chairs assistance), evaluated outcomes and evaluation process   | 16 hours |

|         |           |  |   |  |                                   |
|---------|-----------|--|---|--|-----------------------------------|
|         |           |  |   | around the recommendations within the assignment via the syllabus instructions.  |                                   |
| NUR 830 | 4/11/2024 | Academic stakeholder meeting preparation and meeting 3 | Meeting collaborator                                  | Served as a collaborator for the meeting with the establishment of a meeting agenda, bringing other collaborators up to speed with findings from theoretical framework, change theories, project recommendation, and the planning process of the project. Collaborated on meeting minute notes and follow-up emails. | 2 hours                           |
|         |           |  |   |  | TOTAL- 112 hours (DNP 1 semester) |
| NUR 840 | 5/11/2024 | CITI training  | Completion/renewal of training                        | Completed the required CITI training   | 4 hours                           |
| NUR 840 | 5/20/2024 | DNP Project Proposal Paper                             | Research, analyze, and co-author with Tori and Shelby | Compiled previous papers into Chapters 1-3 to align congruently with problem statements, PICO, literature, theory, and recommendations for planning and evaluation.  | 10 hours                          |
| NUR 840 | 5/29/2024 | Academic Stakeholder meeting 4                         | Meeting collaborator                                  | Went through the workflow and upcoming events (pwpt proposal). Meeting notes completed.  | 2 hour                            |
| NUR 840 | 6/13/2024 | Meeting with project chair                             | Meeting collaborator                                  | Reviewed project proposal paper and recommendations  | 1 hour                            |
| NUR 840 | 6/15/2024 | Adjustments to DNP Proposal Paper                      | Research, analyze, and co-author with Tori and Shelby | Made adjustments to paper-recommendations and evaluation process of project  | 8 hours                           |

|         |           |  |   |  |                            |
|---------|-----------|--|---|--|----------------------------|
| NUR 840 | 7/5/2024  | Student meeting                          | Meeting collaborator                                  | Reviewed recommendations and IRB changes   | 2 hour                     |
| NUR 840 | 7/9/2024  | DNP Project Proposal Presentation        | Meeting collaborator/presenter.                       | Presented Chapter 3: project recommendations, determinants of change, change theory, implementation planning, and evaluation   | 10 hour (with preparation) |
| NUR 840 | 7/10/2024 | Academic Stakeholder meeting 5           | Meeting collaborator                                  | Discussion on changes made to recommendations, adjustments in PICO, and IRB application process.   | 2 hour                     |
| NUR 840 | 7/22/2024 | IRB meeting /submission to project chair | Meeting collaborator and author of IRB                | Worked with Tori and Shelby to align purpose of DNP project in a summarized fashion in accordance with the IRB outline provided by the University of Mary<br><br>Met with project chair to make adjustments. | 8 hours                    |
| NUR 840 | 7/24/2024 | Meeting with CHI St. Alexius             | Meeting collaborator                                  | Discussion on the need for a secondary IRB application through CHI   | 1 hour                     |
| NUR 840 | 7/25/2024 | Meeting with CHI St. Alexius             | Meeting collaborator                                  | Discussion on the need for a secondary IRB application through CHI   | 1 hour                     |
| NUR 840 | 7/30/2024 | IRB submission to Dean of Nursing        | Research, analyze, and co-author with Tori and Shelby | Made adjustments per project chair recommendations to IRB, submitted to the Dean of Nursing  | 1 hour                     |
| NUR 930 | 9/11/2024 | Collaborating with Marie Jensen          | Phone meeting with collaborator                       | Student was responsible to call Marie Jensen to ensure all the information being presented aligns with   | 3 hour                     |

|         |            |   |   |   |          |
|---------|------------|---|---|---|----------|
|         |            |   |   | Healthy Beginnings Program  |          |
| NUR 930 | 9/5/2024   | Collaborate with team to create education for both providers and nurses       | Worked with team on PowerPoint  | Student was responsible for 40% of the ppt information for each PowerPoint.   | 9 hours  |
| NUR 930 | 9/5/2024   | Work with caterer   | Catering necessary for education session  | Student worked with caterer to accommodate for food for both nurses and providers during education sessions for implementation phase  | 1 hour   |
| NUR 930 | 10/31/2024 | Flyer for implementation at Mid Dakota Women's Clinic                         | Designed a flier to advertise luncheon and education session on PDD   | Student designed a flier for Mid Dakota Women's clinic to advertise the education session done by the DNP students to get a positive turn out of staff (providers and nurses) | 2 hours  |
| NUR 930 | 11/14/2024 | Implemented: presentation for both CHI St Alexius & Mid Dakota Women's clinic | Part of the team presenting designated presentations for both places  | Presented PowerPoint with Tori and Shelby to the nurses, providers, and management. Drove 18 hours total  | 25 hours |
| NUR 930 | 11/23/2024 | Mid-implementation and reflection   | Student collaborated with Shelby and Tori to complete the implementation phase of the project and documentation           | Worked within the project team to write a comprehensive mid-implementation reflection based on the syllabus rubric.   | 15 hours |
| NUR 930 | 12/2/2024  | DNP presentation of the projects success thus far                             | Worked with Shelby and Tori to make a 15 minute presentation and update faculty on where our project is on implementation | Worked with both Shelby and Tori on the presentation.   | 6 hours  |
| NUR 930 | 12/10/2024 | DNP presentation to faculty   | Part of the group presenting the DNP project implementation thus far.   | Presented with Tori and Shelby  | 2 hours  |
| NUR 940 | 1/15/25    | Phone call with Marie   | Collaboration and tracking of data, making  | Worked with Marie Jensen  | 1 hour   |

|         |         |   |   |   |           |
|---------|---------|---|---|---|-----------|
|         |         |   | sure project was on track   |   |           |
| NUR940  | 1/18/25 | Went through implementation discussion from previous paper    | Collaborated with Tori and Shelby on the discussion of project data with current data | Looked at current data and where data will be added, trends with the data already present             | 5 hours   |
| NUR940  | 2/4/25  | Follow-up with Marie  | Collaborated with Marie on data tracking  | Worked with Marie Jensen  | 1 hour    |
| NUR 940 | 3/5/25  | Follow-up with Marie  | Collaborated with Marie on data tracking, she sent what she was able to collect       | Worked with Marie Jensen  | 1 hour    |
| NUR 940 | 3/9/25  | Collaboration on paper with Shelby and Tori- chapter 4-5/data | Worked collaboratively with Tori and Shelby   | Worked on DNP final paper chapter 4   | 6 hours   |
| NUR 940 | 3/15/25 | Final DNP paper   | Worked collaboratively with Tori and Shelby   | Worked on Chapter 4 & 5   | 7 hours   |
| NUR940  | 3/16/25 | Final DNP paper   | Worked collaboratively with Tori and Shelby   | Worked on Chapter 5   | 8 hours   |
| NUR940  | 3/17/25 | Final DNP paper- data   | Worked collaboratively with Tori and Shelby   | Data input and analysis   | 5 hours   |
| NUR 940 | 3/19/25 | Final DNP paper- data   | Worked with Tori and Shelby   | Data input and analysis   | 5 hours   |
| NUR940  | 3/21/25 | Final DNP paper   | Worked with tori and shelby   | Abstract, table of contents, appendix   | 8 hours   |
| Nur 940 | 3/25/25 | Defense Announcement  | Worked collaboratively with Tori and Shelby   | Defense and announcement  | 2 hours   |
| NUR940  | 4/5/25  | DNP final defense   | Worked collaboratively with Tori and Shelby   | DNP final defense pwpt  | 5 hours   |
| NUR940  | 4/6/25  | Colloquium pwpt   | Worked collaboratively with tori and shelby   | Worked together with Tori and Shelby to create a simplified version of our DNP project for Colloquium | 4 hours   |
| NUR940  | 4/6/25  | DNP poster  | Worked collaboratively with Tori and Shelby   | Designed and input of key information for DNP poster  | 4 hours   |
| NUR940  | 4/8/25  | DNP poster  | Worked collaboratively with Tori and Shelby   | DNP poster organization and presentation  | 4.5 hours |
| NUR940  | 4/9/25  | Final defense presentation and colloquium practice            | Presented to all included in DNP project that could attend                            | Presented   | 1.5 hours |
| NUR940  | 4/10/25 | Colloquium pwpt   | Worked collaboratively with Tori and Shelby   | Worked together with Tori and Shelby to   | 1.5 hours |

|        |         |                          |   |  |                  |
|--------|---------|--------------------------|---|--|------------------|
|        |         |                          |   | adjust version of our DNP project for Colloquium     |                  |
| NUR940 | 4/15/25 | Colloquium pwpt revision | Worked collaboratively with Tori and Shleby                                   | Adjusting version of DNP presentation for colloquium | 1.5              |
| NUR940 | 4/20/25 | Colloquium pwpt prep     | Personal preparation for presentation   | Worked on my parts to prepare for presentation       | 4 hours          |
| NUR940 | 4/23/25 | Colloquium pwpt prep     | Worked with Tori and Shelby to prepare as a group for colloquium presentation | Preparation for colloquium                           | 2 hours          |
| NUR940 | 4/25/25 | Colloquium               | Collaborative presentation  | Presented DNP final project                          | 1 hours          |
|        |         |                          |   |  |                  |
|        |         |                          |   |  | TOTAL- 300 hours |
